

Pat Heydlauff

"**Focus** is about the way the **flow** happens - your environment can **enhance** what you are doing or throw up obstacles."

Is your company looking to create a more **focused and profitable** workforce environment?

Are you ready to **maximize** your **productivity** and **increase** the **bottom line**?

Pat Heydlauff can take you there.

Join Pat as she shares her **groundbreaking, revolutionary** strategies with corporations, large and small.

She engages your company with **real life** strategies and solutions that when implemented, can elevate your company from good—to **great**.

What her 25 years of experience in business and research has taught her is that each company must build their unique strategic road map that utilizes their company culture.

This approach takes advantage of the diverse workforce, which in turn, creates a dynamic leadership team that values and empowers each individual.

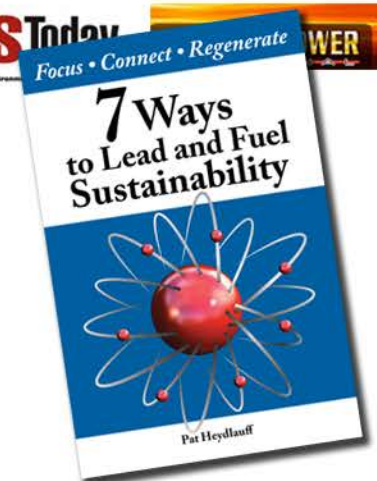

The ultimate goal is to build corporate sustainability! With Pat's Flow of Focus System that is achieved:

- Increases Productivity
- Improves Efficiency
- Boosts Profitability

Pat Heydlauff, a "flow of focus" expert, speaker and consultant designs workplace environments that **fuel the flow of focus, maximizes productivity, improves efficiency and boosts profitability**. With the distractions, disengagement and disrupted focus that exists today, companies must have a **strategy that increases innovation and sustainability**. Her "flow of focus" system provides a 7 Step roadmap for leadership, executives, management and the workforce to manage their personal focus, efficiency and effectiveness while improving all aspects of the business. Pat is author of the forthcoming book, **Focus • Connect • Regenerate 7 Ways to Lead and Fuel Sustainability** and published books, **Feng Shui, So Easy a Child Can Do It, The Way We Go, Your Roadmap to a Better Future** and **Selling Your Home with a Competitive Edge**.
