6 Essentials to Eliminate Distractions & Fuel Employee Productivity

Create a workforce environment where employees are focused, encouraged, inspired, empowered and appreciated so they voluntarily buy-in raising their productivity, improving their performance, reducing stress and look forward to coming to work.

The Big Picture: How to Focus Distracted Agendas

Given the diversity in age and social communication of the employee population, consistent communication is getting harder. Develop an orbital flow of communications and interpersonal connections for leadership and the workforce so know that the message is being heard as intended while creating workforce buy-in.

Laser Focus: 7 Strategies to Manage Interruptions and Maximize Productivity

When you are in control of the flow of your time, it brings you balance so you can better discern how to prioritize your time. You will be more efficient and effective which yields peak performance.

Innovate: 6 Ways to Avoid Corporate Burnout and Create a Fired-up Team

Regenerate leadership so innovation flows through the workforce - leadership can't change the workforce environment and productivity if they don't change themselves first. Energy follows focus and thinking. Engaged leaders lead by example.

Published in:

Pat Heydlauff has spent the last 25 years designing groundbreaking strategies and developing tools crucial for navigating through the diverse workforce of today. She is acutely aware of the contributing factors that impact productivity and the bottom line. The age of the workforce has changed and so has social communications. Distractions, disengagement and disrupted focus exist, which Pat has addressed in her unique, groundbreaking **Flow of Focus System**.

Pat increased the bottom line revenue by 300% in less than 5 years as the CEO of the Nutritional Food Industry's national trade association by creating a **strategic road map** that increased productivity, innovation and sustainability. This was due to her belief in the **Flow of Focus System**— whether it be in the room dynamics of the workplace, communications, connection or control of time. The proper **flow of focus** will serve to inspire leadership, Board interaction, and employee performance.

Heydlauff, a Palm Beach County, Florida, resident and President of Heydlauff Enterprises, works with small to medium corporations using her “Flow of Focus” System that provides a 7 Step roadmap for leadership, executives, management and the workforce to manage their **personal focus, efficiency and effectiveness** while improving all aspects of the business.
